

MANAGED WEBSITE & SEO

Website Maintenance & SEO

Hosting, maintenance and a monthly SEO audit in one plan, with 2 hours of website work each month. Your site stays secure, available and visible to local customers.

15 CHECKS A MONTH · DAILY BACKUPS · DOWNTIME ALERTS · 2 HRS OF WEBSITE WORK

Hosting & maintenance

Fast, secure hosting with WordPress, theme and plugin updates, daily backups, and immediate downtime alerts.

Monthly SEO audit

A complete review of how customers find you, a concise written report, and a prioritized list of recommendations.

2 hours of website work

Included each month for approved fixes, content and image updates, and minor repairs, with no separate quote required.

HOW IT WORKS

1. Onboarding.

We migrate your site to our hosting and record a baseline.

2. Maintenance.

Updates, backups and uptime monitoring, handled continuously.

3. Monthly audit.

Your site, search results and competitors, in a clear written report.

4. Approved fixes.

You approve recommendations; we complete them within your monthly hours.

5. Verification.

We confirm each change is live and document the results.

WHAT WE CHECK EVERY MONTH

- Search visibility on Google
- Search listing titles and descriptions
- Accurate business details
- Structured data for your services
- Image optimization
- Content matched to real searches
- Broken links and errors
- Page speed and contact paths
- Near-term ranking opportunities *
- Project posts from job photos
- Content plan for next month
- Local competitor comparison
- Rankings and AI search visibility
- Reviews and Google Business Profile *
- Call and quote request tracking *

Each item is rated green, amber or red, with findings. * Uses Google accounts you connect; Business Profile reporting is coming soon.

YOU STAY IN CONTROL

No changes without approval. You approve every fix.

New content is reviewed first. Posts begin as drafts.

Every change is reversible. Backed up daily.

You own your accounts. Access stays with you.

ADD-ONS & OPTIONS

Image SEO pass: optimized images across your site.

Unused image cleanup: a leaner, organized media library.

Monthly blog posts: regular local content in your voice.

Google Ads report: clear reporting on ad spend and results.

WHO IT'S FOR

- Local contractors, trades and service businesses
- Businesses that rely on local search for leads
- WordPress sites, however they were built
- Owners who want their website managed for them

Search rankings can't be guaranteed, and we don't promise them.

NEXT STEP

Request a proposal

A brief consultation to review your website and goals.
